Casa Vietii

House of Life

From the Director

We should never be amazed at God's provision for His ministry because He has promised that if He establishes the ministry then He will provide. Although we sometimes think things are moving very slowly, when we take time to reflect on everything that He has done just since October 2013 when we re-opened CV, and it is exciting because we know it can only get better! Rejoice with us and Praise His Holy Name!

Thank you for being our ministry partners. Blessings to you and your family.

Mia

Pro Life March Sighisoara

God has continued to open doors in the high schools to have presentations to the students about abortion, abstinence and sexually transmitted diseases. We were so thankful to see the teachers and students organize a March For Life that began in the center of town and ended at the Maternity Hospital.

During the years when most of these young people were born, the abortion rate in Romania was between 45-60%. Sadly, many of their peers did not make it.

Did You Know?

A baby has a heartbeat:

18-21 days after conception

Psalm 139:16

“Your eyes saw my substance, being yet unformed. And in Your book they all were written, the days fashioned for me, when *as yet there were none of them.*”

Christmas at the Maternity Hospital

The Casa Vietii Staff

had a unique opportunity to deliver Christmas shoeboxes to the hospital staff during the holidays. We also delivered Christmas shoeboxes, disposable diapers and other baby items to the ladies who had given birth recently.

Establishing and maintaining relationships at the Maternity Hospital helps us minister to our clients better as well as other new mothers in our community. Our staff enjoyed bringing some smiles and comfort to the new moms.

Bibles to Secuieni

During a mission trip to Romania and preaching at a mission church in Secuieni, Pastor Jeff Pike from Huntsville realized that the native language of the village was Hungarian. He contacted the International Gideons who provided 600 Hungarian Bibles. We picked them up in Cluj and delivered them to the church members, the local school children and other residents in the village. What a blessing to provide a copy of God's Word in their native language! Thank you Pastor Jeff.

Ministry increases in the Village of Seleus through First Step Program

In December of last year, Casa Vietii was asked to come to the village of Seleus to assist with acquiring proper IDs for several women through our First Step Program. Many of the women had multiple children that also needed IDs. What began as an ID Project quickly became a relationship with some wonderful ladies and their children.

In addition to helping several complete their paperwork and obtain their ID papers, we have many more who have asked for our help. In Romania, if you do not have proper IDs, you do not exist in the eyes of the government and your children cannot attend school without their birth certificates.

Also, many of the ladies need assistance for some medical procedures. We have helped 6 women to receive medical help and have 25 others waiting for us to make arrangements with the doctors since they cannot afford medical treatment on their own.

We have been offering pregnancy testing in the village and have two ladies who have been pregnant. We offer prenatal information and encourage the mothers to visit with OB doctors for prenatal care and assist with transportation.

Casa Vietii has also been able to help 26 ladies in Seleus with clothing donations for their children.

Being a part of God's ministry is always exciting to see where He might send us!

Through the First Step Program, we have been able to help many in other villages receive their proper IDs
